

# ALPHA

## The chair stairlift for curved staircases

The Alpha stairlift can eliminate the barrier of stairs by providing safe and easy access to another floor. The Alpha is designed to be installed on stairs with a curve, an intermediate landing, or when out-of-the-way parking is desired. Smooth riding, comfortable and reliable, the Alpha stairlift features a double rail system for strength and durability.

The lift is easy to operate with controls on the armrest as well as two radio frequency remote controls. The rails are custom bent to your exact specifications, based on computer-aided design software and photo measuring. This is all done with industry leading lead times. Choose from different seat and rail colours to suit your taste and make the lift fit perfectly into your home.

**The slim rail system** leaves maximum clearance on the staircase

**Compact design** saves space when the chair is folded up

**Tight turning radius** for space saving  
180° parking

**The Alpha chair stairlift**

**The elegant design** makes this stairlift a piece of furniture

**The swivel mechanism** allows a safe exit at the upper level

## Main advantages of the Alpha stairlift

- Silent, stable and smooth ride quality
- Choice of colours for finish of rail and seat upholstery
- Tight internal and external curve radius
- Retractable seat belt
- Long range radio frequency landing controls
- Start delay to prevent sudden movement
- Safety sensors and overspeed governor
- Soft start and smooth stop
- Very stable and slim twin rail system

The Alpha chair stairlift

**Special wall fixing brackets**  
to avoid drilling of the steps

**Swivel lever** for rotating the seat in the stop positions

**Convenient joystick position** for easy control of the stairlift

### Alpha - Technical specifications

Loading capacity	130 kg (optional 160 kg)
Drive system	Rack and pinion
Motor	24V DC, battery driven
Possible gradient	0 – 52°
Speed	0,06 – 0,12 m/sec
Maximum length of rails	35 m
Noise level	Under 50 dB
Temperature range	+45°C down to -15°C
Power supply (for charger)	1 x 230V / 50–60Hz
Certificate	 TÜV certified to EN 81-40

### Colour choices for seat upholstery
