

EARTHING SYSTEM COMPONENTS

Flexible tin plated copper tape conductor
Part number ELEMKO : 64 29 252

Description

Flexible tape conductor 20x2.5mm dimensions (equivalent cross section 25mm²) consisting of Ø0.15mm strands, part number ELEMKO 64 29 252. It is intended for applications in earthing systems as bonding conductor. It is made out of tin plated copper (Cu/eSn).
